SUMMARY OF PROGRESS: While Resident Brandon Webster states willingness and desire to get clean and reduce addiction to painkillers, Resident chooses to leave program early, stating need to get back to work. Resident is suspected to have continued opioid and alcohol use, though it has been difficult to assess due to Resident's low participation in activities and group therapy sessions.

We recommend that Resident continues in some type of therapy program, either at Wayfarer or some program that may be closer to Resident's home or place of work. Frankly, this counselor is not convinced of Resident's sincerity to quit or reduce chemical use and expects that Resident will return to Rehab.

RESIDENT STATEMENT ABOUT PARTICIPATION IN RECOVERY RESIDENCE PROGRAM: I feel this program has really, really helped me and I don't think I will need additional rehab or therapy but I'll find a program that fits my lifestyle once I'm out if you think I really should. But I'm really, really happy with my progress.

ONGOING RECOVERY PLAN: Resident has stated that will seek out an outpatient program once released from the Wayfarer program. This Counselor recommends at least an additional year of outpatient therapeutic treatment .
